What’s in the Box

• Volkano Mercury Bluetooth Wireless Magnetic Earphones
• USB to micro USB charging cable
• Instruction manual
1. Volume up/next track selection
2. Volume down/previous track selection
3. Multi-function button: On/Off, Play/Pause, Call answering/ending
4. LED light indicator (under the volume button)
5. DC 5V, Micro USB charging slot
6. Microphone (at the back of the remote unit)
Charging

Please ensure that the battery is fully charged before using the device for the first time.

• Connect the provided micro USB charge cable to the DC 5V charging slot on the earphones, connect the other end of the USB to a wall charger or an available USB port on a compatible device.
• The LED indicator light will display red.
• When the earphones are fully charged, the LED indicator light will turn off.

Powering Up

• To switch on the device, press and hold the multifunction button for about 3 seconds until the blue LED light flashes.
• To switch off the device, press and hold the multifunction button for about 4 seconds until the blue LED light goes off.
Bluetooth Wireless Pairing & Playing Music

• Ensure that the earphones are off before pairing them for the first time.
• Press and hold the multifunction key for about 3 seconds until the blue LED light comes on. The earphones are now ready to pair with your Bluetooth device. When the LED indicator flashes red and blue, this means that the earphones haven’t been paired and they are ready to pair.
• Ensure that your device’s Bluetooth Wireless is on. Search for the device “Mercury”. Confirm pairing by selecting the device from the list.
• If prompted for a password, enter “0000” on your device.
• When successfully paired, the blue LED light will flash slowly.
• The device is now ready to make/receive calls and playback music.
• To play the next or previous track, press and hold the volume up/next track selection or volume down/previous track selection.
• To adjust the volume, briefly press the volume up/next track selection or volume down/previous track selection accordingly.
• To play or stop the music, press the multifunction key.
Using the Earphones

**Answering a call:**
To answer an incoming call, press the multifunction key button once. The earphones will answer the call.

**Rejecting a call:**
To reject an incoming call, press the multifunction key button twice in rapid succession, or use your mobile phone to reject the call.

**Hang up a call:**
To end a call, press the multifunction key once or use your mobile phone to end the call.

**Redial the last dialled call:**
While in standby mode, double click the multifunction button, the earphones will redial the last number dialled.
Safety Precautions

Safety precautions:
• The product may only be used with the parts provided by the manufacturer.
• Never use your earphones near water or in areas where it can come into contact with water. Never handle the earphones if it was dropped into water or any other liquid. If the product comes into contact with water while switched off, but still plugged in, it will cause a safety hazard.
• Always make sure your hands are dry before touching the plug or power connections.
• Do not operate the product with a damaged cord or plug, or after it malfunctions, has been dropped, or damaged in any manner.
• The earphones are intended for household use only. Commercial use invalidates the warranty and the supplier cannot be held responsible for injury or damage caused when using the device for any other purpose than that for which it is intended.
• These earphones are not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the device by a person responsible for their safety. Extreme caution must be exercised.
• Children should be supervised to ensure that they do not play with the earphones. Packaging must never be left within reach of children, since it is potentially dangerous.

**Environmentally Friendly Disposal**

Do not dispose of electrical appliances as unsorted municipal waste, use separate collection facilities. Contact your local government for information regarding the collection systems available. If electrical appliances are disposed of in landfills or dumps, hazardous substances can leak into the groundwater and get into the food chain, damaging your health and well being.
